

"Hey," Ino whispered into Naruto's ear before tilting her head and brushing her lips across the whisker-marks on his right cheek.

Naruto almost regretted telling her how sensitive they could be when he let out a high moan, Ino giggling against his skin.

"What is it?" Naruto reached over and pinched Ino's ass, causing his girlfriend to squeak out and then slap him on his bare chest.

"Ugh, that's so annoying! Don't do that!"

"Well, you stop playing with my whisker-marks then. I didn't tell you so you could tease me like that, y'know?"

Ino snickered as she slid her legs over his hips, straddling him but keeping her chest pressed against his and her head hovering to look into his eyes.

Naruto's cock stirred from the contact, and he rolled his eyes at the smirk that formed on Ino's face.

"Can't do that baby, I loooove those little sounds you make when I lick your cute face."

"You are so weird." Naruto reached over, putting his hand underneath Ino's shorts and rubbed her ass where he had pinched her. Ino purred, leaning down and pressing grateful kisses against his lips.

"Mhh, you're hard," Ino murmured between kisses, her mouth stretched in a lazy smile.

"Your fault." Naruto pulled his hand out of Ino's shorts, grabbing her by the waist and pressing her pelvis against his own, letting her feel just how hard he was for her.

She moaned, a soft, sexy sound, and Naruto moved a hand to the back of neck, cupping it and bringing her in for another kiss.

Naruto loved kissing Ino. And he especially loved the kind of kisses she gave when they had all the time in the world, lazing in their bed. Barely-there brushes, gentle swipes of tongue against lips and teeth. It was sweet and delicate, like sampling your favourite dessert. They luxuriated in each other. A pull of lip against lip, a slow roll of tongue, swallowing down breathy sighs. He could feel her breathing through her nose, a soft exhale.

They broke the kiss and Ino's smile was warm, contagious. Naruto's cheeks almost hurt from how wide they stretched, just looking at her.

“Sooo,” she drawled out, pushing some loose hair back. “You must be horny, right?”

Naruto laughed, leaning up and giving a quick peck to her nose. “Yeah, babe, you’ve made me horny.”

“Good,” she beamed, “Me too. Take your boxers off, hm?”

Ino rolled off his body, reaching for her shorts while Naruto pulled his boxers down and kicked them off the bed, his cock thick and hard.

Ino sat back on his pelvis, reaching back, placing the flat of her palm on his cock while she swayed her hips.

“Fuck, Ino,” Naruto moaned, running his hands up and down his girlfriend’s soft upper thighs as she grinded her ass against his cock. “You keep that up and you might make me come, y’know?”

She giggled, all pretty and sweet. “Mmm, that actually sounds so hot. We should do that sometime. Just press me down into the mattress, spread my cheeks and grind your cock against my ass until you spray all over my back — oh fuuuck.”

Ino moaned, letting go of his cock and raising off his pelvis to pull her panties to the side, exposing her puffy cunt, adorable and smooth, bare from being recently shaved. Sexy, swollen lips that were shiny and sticky with her arousal, gleaming in the moonlight that poured into their room.

If Naruto’s cock wasn’t so hard, ready to explode and pour cum deep inside of Ino, he would have pushed her down and pressed his face into that delectable cunt, ran his tongue deep inside and swallowed all her slick.

“G-god damnit,” Ino hissed as she squatted over his cock again, lining her entrance up with his tip, her thighs trembling under his fingertips. “You worked me up way too much idiot. I think I might come the second I put it in.”

“You did that all by yourself!” Naruto raised his hands up to Ino’s waist, pinching her skin just to annoy her a bit.

“No, it’s all your fault! Sleeping half naked like a pervert —”

“It’s summer!”

“Making me fantasize all the time, God!” Ino ignored him, still muttering under her breath as she finally slid down, swivelling her hips, forcing her tight, wet cunt to take him all the way to the base.

“Oh my lord, y-your cock is so fucking big, Naruto, I feel so full!”

Ino didn't come, like she worried she might, but her cunt was fluttering around his cock, thirsty squeezes that made Naruto moan.

“Nice and slow, Ino, I wanna last, feel that pretty pussy squeezin' round me, y'know?”

She hummed in agreement, rocking back and forth gently on his cock. It was like her pussy was glued to his pelvis, barely slipping off the base before pressing down and grinding her clit on him.

“Like that, baby, just like that,” Naruto murmured, helping her with the slight lift and fall of her body, fucking her softly against him.

The room was quiet, only filled with Ino's breathy moans and Naruto's praises.

The creak of the bed, the buzz of cicadas.

And Ino's wet cunt, barely audible as they fucked.

“N-Naruto, kiss me? Please?”

Naruto let go of Ino's waist, pressing his hand on the mattress so he could sit up, forcing Ino to stop her movements. He grasped her thighs and she understood implicitly, letting him hook her legs around his lower back, his hands running down to her hips, forcing her weight down on him, his cock stretching her out, pressing against the back of her cunt.

“Ohmigod, yesss,” Ino groaned before wrapping her arms around Naruto's shoulder and neck, pulling him into a kiss.

This kiss was much needier, sloppy and wet as Ino moaned into his mouth, slid her tongue against his own, sucked on his lips. Naruto let her take all she wanted while he grabbed her thick ass, swaying and sliding her body against his own, grinding the tip of his cock at the back of her cunt.

Gentle, sensual, her walls fluttering like kisses around his cock, harsher when he sucked on her tongue.

It might have been minutes, but it felt like hours, their leisurely pace winding and building their orgasms, Naruto's cock throbbing inside of Ino's cunt, close to spilling.

“Ino, fuck, baby, I'm so close,” he whispered against her lips.

Ino nodded, pressing her forehead against his own, gazing into his eyes, her own heavy with love and lust. "Me too, me too. Come inside me, please? Want to feel you."

Naruto groaned, coming almost instantly from that sweet, needy tone. He pressed his face into Ino's neck, cussing as he unloaded inside of her welcoming cunt, milking him for all he was worth.

"Ngh, that's it, that feels so nice, baby," Ino cooed, stroking his hair until Naruto finished.

Naruto glanced up at Ino, her mouth soft and sweet in a gorgeous smile. He wrapped an arm around her waist and the other by her back, pushing her down onto the bed so he was hovering over her, his cock still buried inside her.

His cum was already leaking back out of her pussy, messy against the base of his cock.

Naruto reached down, fingers stroking lightly on Ino's swollen clit.

She sighed, body nice and lax underneath him, hips already stuttering against his hand.

"Naruto..." she said his name with such warmth it could burn him.

"You gonna come for me?" Naruto's thumb rubbed circles now, patterns that would soon have Ino moaning like a slut.

"Yes, God, yes."

"That's my princess."

And the way her cunt clamped around his cock, thighs trembling as she came, made him horny all over again.
